

FOR GRADES K-5

K-5 Certified Teaching Services

Certified teachers meet online elementary students' needs with engaging instruction, interactive lessons, and personalized support

Online Teachers, Real-Life Connections

Highly qualified educators build relationships with students and guide them through interactive lessons

In elementary school, the teacher-student relationship and a predictable classroom schedule are integral to learning. That's why Imagine Learning's certified instructors focus on authentically connecting with full-time online students in grades K-5 through engaging instruction and daily routines. Certified instructors reteach concepts, provide helpful feedback, and connect with families, schools of record, and school mentors.

Meet Our Teachers

Our virtual instructors are experienced, certified teachers who establish strong relationships with students just like they would in a physical classroom.

Professional Development

Live, personalized sessions with a Professional Development Specialist — online or in person

Experienced Instructors Prioritize Student Success

Imagine Learning teachers are:

KNOWLEDGEABLE AND EXPERIENCED

- Highly qualified, state-certified
- Average 17 years of teaching experience
- Trained in best online practices, student and family support, trauma-informed teaching, and cultural sensitivity and awareness

PROACTIVE AND COMMUNICATIVE

- Keep office hours for 1:1 appointments with students
- Respond via phone or text within one school day
- Grade activities within three school days
- Provide personalized remediation and enrichment
- Offer ongoing progress updates to students, families, and mentors

Imagine Learning students benefit from:

- Interactive lessons
- Engaging, certified teachers
- Personalized support and guidance

Limitless Learning at a Personalized Pace

Accommodate online students' unique needs with a variety of instructional models

Give students the best of both worlds from home: live instruction options with a state-certified teacher and ample time to complete coursework at their own pace.

Elementary Curriculum Only

Student-Led Learning with Instructor Support

Teacher-Led Instruction*

**Available at an additional cost*

Establish connections and personalize learning with teacher-led instruction in grades K–5

Elementary students get access to engaging live instruction 45 minutes per day, 5 days per week and work at their own pace on personalized learning modules, quizzes, and tests. They can request one-on-one office hours with their teacher and receive 30 minutes per week of small-group instruction if below 70% in ELA or math.

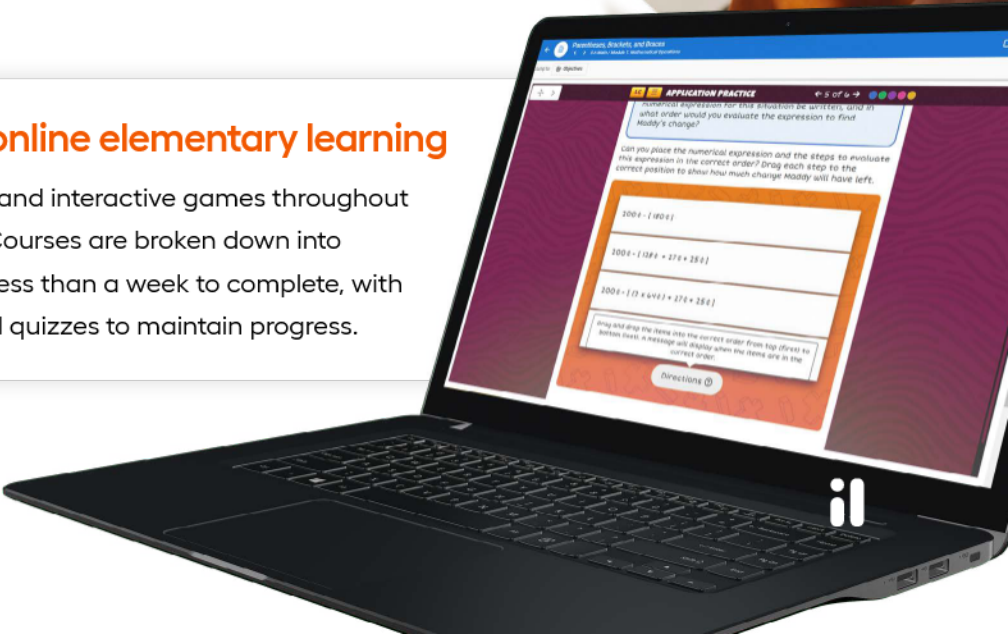

Students benefit from a predictable routine, just like they would in a physical classroom.

WHOLE-GROUP INSTRUCTION SCHEDULE

Monday	Tuesday	Wednesday	Thursday	Friday
ELA/Science	Math	ELA/Social Studies	Math	Fun Friday

Curriculum designed for online elementary learning

Students learn from videos, reading, and interactive games throughout semester-length (18-week) courses. Courses are broken down into modules, designed to take students less than a week to complete, with regular benchmark assessments and quizzes to maintain progress.

“My teacher was very nice and did morning meetings with us, and she always helped us if we need it. When my mom asks her a question, she wrote back really fast to help us with our problems, and she made sure we understood. She always told us that we could always ask her for her help. Virtual class was good.”
